**Guiding tools for
Professional Skills
development in VET**

www.vetgps.eu

"Guiding tools for Professionals Skills Development in VET" focuses on the acquisition, development and assessment of **SOFT-SKILLS** of trainees attending VET Training, essential for their **personal development, social participation and workplace success.**

Soft-Skills

SOFT-SKILLS, often referred to as *transversal skills* or *competences*, *key skills*, *core skills* or *life skills*, are recognised to be a successful factor enabling individuals' well-being, self-confidence, autonomy and responsibility, fulfilment of education/social and professional lives, career development and higher income.

SOFT-SKILLS examples:

Leadership

Teamwork

Problem solving

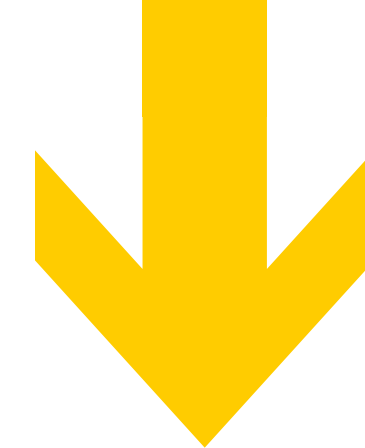

Communication

Interpersonal

Aims

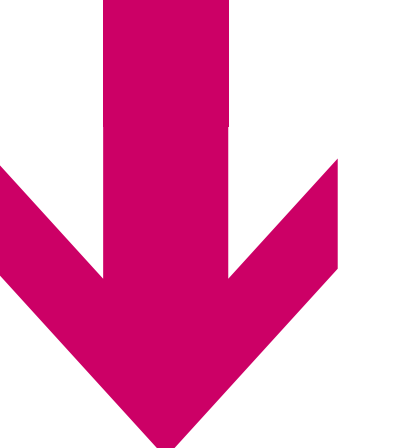

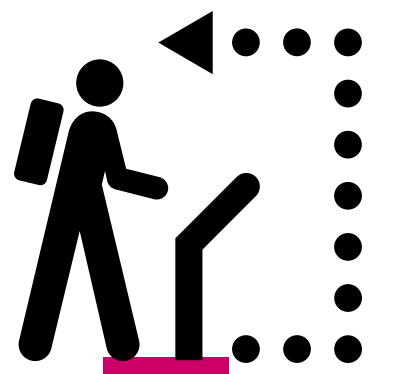

The project aims at developing a set of tools and materials allowing the inclusion of **SOFT-SKILLS** as an integrated aspect of the regular VET offer contributing to:

The reduction of **Early School leaving/combating failure in education**

Overcoming **skills mismatches** between training and labour market needs

The promotion of rates of employability, by providing guidance to young trainees

Impact

VET-GPS will design and provide a set of tools for VET professionals, fostering the acquisition, development and assessment of VET trainee's **SOFT-SKILLS**, including:

A guide for integration of the **SOFT-SKILLS** in VET offer

A toolkit for professional guidance & coaching

A programme for Professional Development of Trainers/Tutors

A quality framework & platform for the cooperation in VET system
